Portfolio: <https://brucekibet.github.io/My-Portfolio/>

PROFESSIONAL SUMMARY

Information Technology graduate with a strong foundation in software development, web technologies, and IT support. Experienced in building responsive web applications using HTML, CSS, JavaScript, and React, with hands-on experience debugging, maintaining systems, and supporting end users. Passionate about developing high-quality software, learning new technologies, and contributing to innovative solutions in collaborative environments.

EDUCATION

Bachelor of Science in Information Technology

Kabarak University

2019 – 2024

TECHNICAL SKILLS

Programming Languages

- JavaScript, JSX
- Python
- HTML5
- CSS3
- Basic Java

Frameworks & Libraries

- React
- Node.js (Basic)

Databases

- MySQL

Tools & Technologies

- Git
- GitHub
- VS Code
- REST APIs
- Responsive Web Design
- Microsoft Office Suite

Other Skills

- Object-Oriented Programming (OOP)
 - Software Debugging
 - Problem Solving
 - Team Collaboration
 - Technical Documentation
-

PROJECTS

AI Chatbot (React)

- Developed a chatbot application using React components and hooks.
- Implemented state management using React's useState hook.
- Built reusable components for messages and chat input.
- Managed dynamic rendering of chat messages.
- Applied event handling and component-based architecture.

Technologies: React, JavaScript, HTML, CSS, JSX

Personal Portfolio Website

- Designed and developed a responsive personal portfolio website.
- Showcases technical projects, skills, and contact information.
- Optimized for desktop and mobile devices.

Technologies: HTML, CSS, JavaScript

Portfolio:

<https://brucekibet.github.io/My-Portfolio/>

Weather Application

- Built a weather application consuming a REST API.
- Displayed real-time weather information based on user searches.
- Improved understanding of asynchronous JavaScript and API integration.

Technologies: JavaScript, HTML, CSS

PROFESSIONAL EXPERIENCE

Software Engineer

Geotech Company

March 2023 – December 2024

- Assisted in developing and maintaining software applications.
 - Debugged software issues and implemented fixes.
 - Participated in testing and system improvements.
 - Collaborated with team members during software development activities.
 - Prepared technical documentation where required.
-

ICT Assistant

Java House

September 2023 – November 2024

- Provided first-level technical support.
 - Installed and configured software and hardware.
 - Resolved user technical issues.
 - Assisted in maintaining computer systems and network resources.
-
